LEED UP – LEED UP events are lunchtime programs comprised solely of LEED Green Associates and LEED APs which address lessons learned while working in Kentucky on sustainable design and construction projects.

Project Tours – The KY USGBC provides tours of various LEED Projects throughout Kentucky. The Kentucky Chapter will apply for CMP Credits for these presentations.

LEED CE Classes – This training will offer CMP Courses for those LEED APs and Green Associates who need continuing education credit.

LEED Test Prep – This training will prepare those wanting to take the LEED Green Associate Exam.

Green Scene – Green Scenes are social networking events held to connect with like-minded sustainable professionals over great food, drink and lively conversation.
